ABOUT ME

As a dedicated Full Stack Developer with over 5 years of experience, I have a proven track record in developing and implementing complex web applications using React.js, Node.js, and other modern technologies. My passion for problem-solving, coupled with my expertise in JavaScript and RESTful APIs, has led to a significant increase in user engagement and conversion rates in my previous roles. I am eager to leverage my skills in a challenging environment to create robust, scalable, and user-friendly applications

WORK EXPERIENCE

FULL STACK DEVELOPER

Freelancer [01/06/2023 – Current]

City: Pristina | **Country:** Kosovo

- Designing and developing customized web applications for clients using React.js, Node.js, and MongoDB.
- Implementing real-time features with Socket.IO and MediaSoup for interactive applications.
- Creating scalable backend architectures with Express and integrating modern frontend frameworks for responsive and user-friendly designs.
- Managing diverse projects, including video conferencing platforms, 2D games, and NFT-related applications.

FULL STACK DEVELOPER

TrioKos [01/03/2022 – 31/05/2023]

City: Pristina | **Country:** Kosovo

- Built a Google Meet-like application using React.js, Node.js, Express, and MongoDB for real-time video communication.
- Integrated MediaSoup for low-latency media streaming and Socket.IO for seamless WebSocket-based interactions.
- Designed a responsive UI with React, ensuring a user-friendly experience across devices..
- Focused on scalability and performance, handling concurrent user connections efficiently.
- Developed a 2D combat game for an NFT collection using React.js and Node.js..
- Implemented interactive mechanics and animations, creating a unique gaming experience for NFT holders.
- Optimized the game logic for smooth performance, focusing on scalability and seamless user interaction.

FRONT END DEVELOPER

Kosbit [01/07/2021 – 28/02/2022]

City: Pristina | **Country:** Kosovo

- Developed a React.js-based application for managing and maintaining data records..
- Integrated backend APIs using Postman to test endpoints and ensure smooth data retrieval and submission.
- Designed a user-friendly interface with responsive layouts and custom interactive features..
- Employed React hooks and context for state management, ensuring application scalability and performance optimization..

FRONT END DEVELOPER

Karrota [01/10/2019 – 30/06/2021]

City: Prishtine | Country: Kosovo

- Developed dynamic and interactive user interfaces using HTML, CSS, and JavaScript.
- Created custom animations and transitions with JavaScript to enhance user engagement and deliver smooth interactions.
- Utilized Bootstrap to ensure responsive and consistent designs across multiple devices.
- Collaborated with designers and backend developers to integrate complex animations and ensure functionality alignment.

FRONT END DEVELOPER

Smart Point [01/03/2019 – 30/08/2019]

City: Pristina | Country: Kosovo

- Designed and developed a fully responsive portfolio website using HTML, CSS, and JavaScript.
- Implemented smooth scrolling, hover effects, and custom animations with JavaScript to enhance the visual appeal.
- Design, develop and relaunch responsive websites and e-commerce sites of clients. Ensure the technical feasibility of UI/UX designs.
- Used Bootstrap to streamline layout creation and ensure compatibility across devices.
- Focused on optimizing animations for better performance and user experience.

FRONT END DEVELOPER

Presheva Web [01/12/2018 – 28/02/2019]

City: Pristina | Country: Kosovo

- Built a fully responsive e-commerce website using HTML5, CSS3, and JavaScript.
- Utilized Bootstrap components to create a modern and user-friendly design.
- Implemented dynamic features like interactive product filters and modals for an enhanced shopping experience.
- Ensured compatibility across different browsers and devices.
